## Public Service Information

Subject: Increased Aviation Activity – Super Bowl 2025  
**February 5<sup>th</sup> – February 10<sup>th</sup>, 2025**

Houma-Terrebonne Airport (KHUM) is preparing for a significant uptick in aviation activity due to Super Bowl LIX taking place in New Orleans, Louisiana, on February 9<sup>th</sup>, 2025.

KHUM is expecting this influx of increased traffic to begin **Wednesday, February 5<sup>th</sup>**, with the heaviest increase in traffic from Friday (Feb. 7), through **Monday, February 10<sup>th</sup>**.

We want to express to the general public that this increase in aviation activity will impact our community with increased sound, vehicular traffic, and heightened security measures around the airport. A reminder as well that the 5-mile radius around the airport is a **NO DRONE ZONE**, unless special FAA Approval has been granted.

This is an exciting opportunity to see different aircraft in our area, but residents and travelers should stay alert as they navigate. Please be alert in your travels near the Houma-Terrebonne Airport and throughout its Industrial Park.

Additional information may be shared on our social media channels throughout the next few days.

Safety for visiting aviators, passengers and our community is of the utmost importance.

Thank you for your cooperation during this event.
